New Disco Song: "I'm Not a One-Night Stand"

By: Craig Whitley

Building out one of my newest albums, "Hypnotic Dance," is moving along nicely.Â Tonight's newest song is "I'm Not a One-Night Stand."Â The song takes a surprising twist, when the party girl tat loves to dance, panics and leaves the nightclub when a strange guy at the club makes a move on her.Â As it turns out, she's a much nicer girl than the game she frequently talks.Â Something you rarely see in Generation Z, but this young lady has her head screwed on a little straighter than what she would have you believing.

As noted earlier, you can find "I'm Not a One-Night Stand" in my "Hypnotic Dance" album, or you can play it now by simply clicking on the following link:Â https://stag.craigwhitleymusic.com/wp-content/uploads/2025/10/Im-Not-a-One-Night-Stand.mp3
